

REKRYTERINGSLOTS DALARNA

We pilot newcomers' partners to jobs

Right people to right places

Dalarna is recruiting for the future. One of the major challenges is finding the right people for the right jobs. To satisfy both today's and tomorrow's needs, companies want sustainable recruitment. Thus, it is important that recruitment is considered from a wide perspective that includes the entire family of the person being recruited. This is where Rekryteringslots Dalarna comes in.

You are a key factor – Your family too

When you have been offered employment in a new location, many pieces have to fall into place. Rekryteringslots Dalarna works with all these pieces and, in particular, with helping your partner find a suitable job. With the goal that you will both have work, we use our network of member companies and other bodies to find good solutions. Thanks to our wide network of contacts and local knowledge, we can also provide support in looking for accommodation, schools, childcare and other things that are important for your family.

- 5.** If the person feels that he/she needs help with, for example, writing a CV, we will provide good advice.
- 6.** Open-ended employment contracts, temporary contracts and internships are some of the solutions.
- 7.** Rekryteringslots Dalarna serves as a support and a sounding board throughout the process. In order to find an optimum solution, the newcomer's partner must also be active in all stages

"I am extremely pleased with the help I received from Rekryteringslots Dalarna. They have developed close collaborations with companies and organisations. They are also very aware of what jobs are currently available and those that are coming up. Of course, it's extra fun to be working and thus giving something back to the region."
